Internship Process

Step 1

Internship & Career Preparation:

First, we help you create your brand-new Resume and LinkedIn profile and start preparing you for upcoming internship interviews with companies.

Step 2

Host company sourcing:

Next, we discuss your case with potential host companies in your industry, and find the best-matching placement opportunities for you.

Step 3

Host company interview:

Then, we organise your Internship interview where you get to meet your potential host company.

Step 4

Placement confirmation:

After your interview, if you and the host company agree to proceed, we finalise your placement...

...and then you begin!

Our Success Stories

Aditya Kachroo

DevOps Engineer, Melbourne

"The CSA Internship program was a great investment as I got into a top DevOps and AWS internship with a good IT company in Melbourne. The CSA team prepare you well for your career. Through my internship I was able to secure a full time job."

Bimali Illangasinghe

HR Graduate, Melbourne

"Doing my HR internship through CSA was great. I got amazing support with my resume and interview training and got my placement with one of Australia's biggest HR consulting firms. Happy to recommend the CSA team for organising internships for people needing experience."

Aalan Correya

Electronics Engineering Graduate, Sydney

"I can't thank Naren & Langdon enough for organising my internship which led me to a full time job with my host company. These guys go over and beyond to help you start your career. Without their help it would have been hard. I am glad I joined them."

Tasneem Fareed

Laboratory Assistant, Sydney

"Getting a job in Sydney in biotechnology was so hard but the CSA team made it so much easier by helping me to get my internship with a leading laboratory. I am so grateful for the guidance and support which has helped me secure a full time role in a top laboratory in Sydney."

Sujith Pacha

Business Analyst, Melbourne

"As an IT graduate, I knew I needed an internship so I joined CSA. Their internship program puts you in touch with some of the best IT consulting companies in Australia. I am glad to say their internship converted into a full-time IT job with my host company – thank you to the CSA team for their support."

FAQ.

HOW MANY DAYS PER WEEK IS MY INTERNSHIP?

Your Internship will be 4–5 days per week, typically 9am–5pm, for 12 weeks.

IS MY INTERNSHIP PAID?

Most internships are unpaid as your host company is investing its time and resources to train and mentor you during your placement. However, some companies may provide a weekly travel/meals allowance.

WILL MY HOST COMPANY HIRE ME?

Approximately 50% of the interns we place will get employed by their host company, with a total of 92% securing employment within 3 months of completing their Internship. Getting an offer depends on your performance and the company's capacity to hire.

IS MY PLACEMENT GUARANTEED AND HOW LONG DOES IT TAKE?

It is difficult to guarantee placement, which is why you pay most of the fees only after securing your placement (after your interview with the host company). Placement time can take between 1 month to 3+ months.

WHAT TYPES OF COMPANIES WILL I GET PLACED WITH?

We work with small, medium and large companies (from 5 to 5,000 employees) in a range of industries. Our main goal is to place you in a company where you will gain valuable experience in your field which will help you secure your next role.
